

# The Auxiliary

In May 2007 a group of Gabriolans got together at the W.I. Hall and made a list of things they could do locally to raise money and awareness for the Health Care Clinic.

It is a fun, lively organization, where one person takes on a fund raising event and the others help out.

The following events have raised over \$15,000:

Yard Sales	\$4,672
Quilt Raffle	4,628
Clinic Fund Run	3,380
Fibre Arts	2,185
Mother's Day Mums	405
Doctors Appreciation Dinner	113

A goal of the Auxiliary is to help provide a place where physicians and paramedics can provide optimum emergency care.

We report to the Gabriola Health Care Foundation but remain autonomous within our group. We leave the politics, the discussions and the theory to others and just have fun doing our thing.

*If this appeals to you, come join us at an event or phone Marilyn (247-7542) and she will tell you where to go!*
